Group Ebitda benefitting from building sales and improving underlying trend for CBU and EBU.
€ 425 million invested so far in 2014
3-year Belgian football broadcasting rights recorded as capex in Q2

Q2’14 investments € 68m higher YoY:
- Accelerated network & IT investments in line with announced Network and Simplification strategy
- Capitalisation of the acquired 3-year broadcasting rights of the Belgian Jupiler Pro League football

FY 2014 capex to be around € 960m:
- Access networks
- IT and systems
- Convergence services
- Brand image
and includes Belgian Jupiler Pro League football

Group Capex (in € mio)
capex as percentage of revenue

*This does not include the € 120 mio capex paid for a 800 Mhz spectrum
Belgacom generated € 391 m of FCF in H1'14, or € +255 m YoY. Main drivers for the FCF increase are:

- cash received from the sale of consolidated companies
- cash received from the sale of buildings
- lower income tax payments (including timing differences)

* Excluding non-recurring and non-cash related items
Sound financial position

- Net financial debt at €1,981m, €166m higher versus end 2013
- The outstanding long term financial gross debt amounted to €2.5Bio
- Credit ratings: Standard & Poor’s A; Moody’s A1 – both stable outlook

The EBITDA guidance takes into account the positive impact from the accounting alignment on customer installation activities applicable as of January 2014, with a full-year impact of about EUR 20 million. By year-end, this will be offset by an exceptional spending for about the same amount related to the company’s transformation project and rebranding. The vast majority of the rebranding budget will be spent in the second half of 2014.

Belgacom consolidated balance sheet

All balance sheet captions impacted by disposal of Group Telindus France:
- Decrease of goodwill by €28m
- Intangible fixed assets & property, plant & equipment decreased €13m

Shareholders’ equity decreased from € 2,846m end 2013 to €2,731m end June 2014. This mainly results from the 2013 dividend payment of € 537m typically exceeding the net income generated over H1’14.

Leverage mobile experience through WiFi

- 930,000 WiFi hotspots available today for our customers all throughout Belgium (+90,000 vs Q1)
- 13,200,000 WiFi hotspots available abroad (e.g. NL, FR, UK, DE,...)
- By EO 2014, mobile devices of Proximus customers will connect automatically to WiFi when present, bringing true convergence
Mass roll-out well underway: in Q2 10% of remote optical platforms made vectoring-ready.

Majority of regional industrial zonings in Belgium are already equipped with Belgacom fiber.

All new residential zonings that are sufficiently large are by default equipped with Belgacom fiber.

Fixed Network
- Driving customer experience with new technologies

- Vectoring technology on VDSL
  - Through cancellation of crosstalk on a VDSL2 line, Vectoring enables up-to-70 Mbps speeds on copper.

- FTTB in Industrial Zonings
  - Go-to-market campaign launched to promote presence of FTTB in industrial zonings.

- FTTH in Greenfields
  - Deployment of FTTH in new residential zonings started in 2014 following successful trials last year.

Technology evolution:
- Vectoring on VDSL2
- Dynamic Line Management on VDSL2
- Vectoring + Dynamic Line Management for Vectoring
- Fiber-To-The-Home (FTTH) & Fiber-To-The-Business (FTTB)

Q2 2014
(in mio €)

H1 2014
(in mio €)
Consumer – Fixed voice

Line erosion pressured revenue, stable Fixed Voice ARPU; pro-active churn management results in slowing customer loss

- The declining Fixed Voice revenue resulted from the YoY line loss and to a lesser extent from the substitution of fixed traffic to mobile.

- Q2’14 Fixed line erosion of -13,000 lines, an improvement versus the prior quarters driven by pro-active churn mgmt.
- End June’14, the CBU Fixed Voice customer base totaled 1,602,000 lines, i.e. -4.3% yoy.

- Stable Fixed Voice ARPU
Consumer – Mobile Service
As expected stable decline in Mobile service revenue sustained; Mobile customer base growing

- Q2’14 revenue from Mobile Services down 7% YoY; as expected stable decline from previous quarter despite competitive intensity.
  - Growing mobile postpaid customer base
  - Lower mobile prepaid customer base
  - Stabilized decline in ARPU

- CBU’s total Mobile customer base end-June’14 numbered 3,566,000 cards
  - Firm net addition of 48,000 postpaid cards; of which 25,000 paying in line with prior quarter
  - Mobile Prepaid decline of -45,000 during Q2, of which -11,000 from mvno Mobisud. Proximus prepaid customer losses further improving.

- ARPU erosion stabilized
  - Q2’14 Postpaid ARPU of €26.7; -4.6% YoY; from -4.8% in Q1’14
  - Q2’14 Prepaid ARPU of €12.6; -10.3% YoY; from -11.1% in Q1’14

* Yoy variance adjusted for one-offs

**As of 2014, Belgacom calculates the Mobile ARPU excluding Free Mobile data cards and excluding M2M. 2013 figures have been restated.

***As of 2014, the calculation of active customers is based on the monthly activity rate instead of a rolling average activity rate. The definition of an active customer remains unchanged. 2013 figures have been adjusted accordingly.

Fixed Voice line erosion triggered by companies rationalising on Fixed line connections continues to impact Fixed Voice revenue. This negative volume effect was only partly compensated for by price indexations.

Year-to-date June '14, EBU reported €226m Fixed Voice revenue, 3.2% below the preceding year.

The Fixed Line erosion in Q2'14 was limited to -13,000 lines, bringing the EBU total Fixed Voice Line customer base to 1,264,000 by end-June 2014, a 4.1% line loss on a yearly basis.

Line loss was partly compensated for by a somewhat higher Fixed Voice ARPU of EUR 29.1, up 1.5% yoy a result of the price indexation.

*revenue from Belgacom Meeting Services (BMS) moved from Fixed Voice revenue to ICT, impacting both revenue and ARPU of Fixed Voice. 2013 figures have been restated.
Enterprise – Mobile Service
Mobile Service revenue trend significantly improved through larger customer base, growing mobile data volume and slowing ARPU decline

- Q2’14 Mobile services revenue trend continued significant improvement
  - Continuously growing mobile customer base and successful acquisitions in mid- and high-end pricing plans
  - Higher Data roaming volumes
  - Regulation impact, estimated at € -5 m

- Ytd June ’14, € 275m mobile service revenue, -2.8% yoy

- Solid commercial performance continued in Q2’2014: net growth of +45,000 mobile cards
  - +32,000 paying mobile voice and data cards (vs. +31,000 in Q1’14) driven by great mobile network experience for customers, successful Bizz Packs and launch mid-February of the Smart 50
  - +13,000 Machine-to-Machine and free Mobile Data cards

- Mobile ARPU decline slowed to -7.4% YoY for Q2’14
  - showing further improvement from the prior quarter.
  - effect from mobile customer re-pricing fading
  - a growing number of high-end pricing plans in the installed base through successful acquisition actions in that price segment, as well as better retention of high-value customers.

*As of 2014, Belgacom calculates the Mobile ARPU excluding Free Mobile data cards and excluding M2M. 2013 figures have been restated.

*Yoy variance adjusted for one-offs

*As of 2014, the calculation of active customers is based on the monthly activity rate instead of a rolling average activity rate. The definition of an active customer remains unchanged. 2013 figures have been updated accordingly.
Enterprise – Fixed Data

Fixed Data revenue continued to be impacted by migrations to Explore platform; Fixed Internet revenue stable supported by higher ARPU

- Fixed Data, consisting of Fixed Internet and data connectivity revenue, -2.2% YoY
  - due to a continued migration from older technologies such as leased lines to the Belgacom Explore platform, for which pricing is more favorable for customers
  - Revenue from Fixed Internet stable yoy on fairly stable customer base and slightly higher ARPU

- Customer base +0.3% compared with June 2013.
- EBU added a stable 1,000 Fixed Internet customers in Q2’14, leading to a total customer base of 443,000.

- ARPU of € 39.7 (+0.9%) driven by price indexations, partly offset by SME customers opting more and more for advantageous converged Packs including internet.
Enterprise – ICT*

ICT revenue impacted by divestment of Telindus France
Like-for-like, revenue up by 2.9% vs last year

- EBU reported €153m ICT revenue
  - Telindus France divestment impacted YoY variance
  - Organically ICT revenue grew by 2.9% YoY
  - Belux ICT revenue showed YoY growth

On Telindus France:
- On 30 April 2014, Belgacom disposed 100% of the shares in the Group Telindus France to Vivendi for EUR 86 million net of cash disposed of and recognized a gain on disposal of EUR 43 million (through non-recurring income).
- The Group Telindus France generated pro-forma revenues of €241m and EBITDA of €11m in 2013.

*As of 1 January 2014, revenue from PABX is included in ICT. The 2013 figures have been restated accordingly. Previously PABX revenue was reported as part of Fixed Terminals.
**Service Delivery & Wholesale – P&L**

- **Lower Carrier Wholesale Services revenue**
  - new lowered Wholesale roaming tariffs
  - only partly compensated for by the volume growth for roaming
  - continued erosion of wholesale broadband lines, leased lines and traffic volumes

- **CoS Q2’14 -6.1%**

- **€ 40m HR expenses for Q2’14, -1.0% YoY on lower headcount**
- **€ 38m non-HR expenses; down 27.3% YoY mainly due to a favorable one-off provision reversal; also lower external workforce costs, maintenance cost optimization**

- **Q2’14 segment result improved YoY partly due to positive one-off provision reversal.**
- **Like-for-like segment result improved by 5.4% YoY in spite of increasing pressured wholesale revenue**

* 2013 figures have been restated to reflect the allocation of Belgacom wholesale revenues invoiced to Scarlet to the Consumer Business Unit segment.
Q2’14 revenue of €64m, including a EUR 46 million capital gain following the completion of 2014 planned building sales within the network simplification project and a litigation settlement (EBITDA neutral).

Like-for-like, the revenue of S&S was stable year-on-year.

HR-expenses lower as result of lower personnel base

Non-HR expenses impacted by litigation settlement (EBITDA neutral)
Q2 BICS’ revenue stable on recovery of voice traffic
- trend improvement from the previous quarter (14% down year-on-year), underlining the volatility of part of BICS’ business.
- driven by material win backs of voice traffic from key customers
- more than offset by the effect of EU-wide decreases in Mobile Termination rates, as well as a negative dollar effect

-4.4% YoY decline in Gross margin
- reflects the lower volume of higher-margin Voice traffic to the Asian region which BICS temporarily captured in 2013.

As a consequence of the lower Direct margin & slightly higher operating expenses (HR/Non-HR), BICS’ segment result for Q2'14 was down by EUR 3 million (-8.9%), while the EBITDA margin remained fairly stable at 8.1%.

Voice volumes +8.3% YoY
Non-Voice volumes +26.4% YoY
